

News Release

17 February 2021

Bannview Medical Practice

A spokesperson for the Southern Health and Social Care Trust said:

“The Trust is continuing to work closely with the Health and Social Care Board to secure a solution as quickly as possible to the current GP shortages in the Bannview Medical Practice Portadown.

The practice remains open and patients should continue to contact the practice as normal. Patients with urgent care needs will continue to be assessed through the normal telephone triage process, which for the next few days will be provided by the Trust’s Phone First service. Arrangements have also been put in place for patients with particular medical conditions.

Bannview Practice patients who are scheduled to receive their Covid-19 vaccination should still attend their appointment.”
